Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Tuesday 01 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry, sunny and warm once early fog clears to coast.

Today:
A fine and sunny morning for most, with early low cloud burning back to the coast, where it may linger for much of the day. Staying dry and with periods of sunshine through the afternoon. Warm, but cooler on coast. Maximum temperature 24 deg C (75 deg F).

Tonight:
A dry and clear evening with some fog toward the coast. Patches of fog along with low cloud on the coast then spreading inland through the early hours. Minimum temperature 9 deg C (48 deg F).

Wednesday:
A dry and sunny morning once any fog and low cloud clears. Staying sunny and warm into the afternoon, but a little cooler and breezier on the coast. Maximum temperature 19 deg C (66 deg F).

Outlook for Thursday to Saturday:
Thursday, weakening band of showers pushing northeastwards. Mainly dry on Friday, but some isolated showers developing. Cloud and patchy rain spreading southeast on Saturday.
